QA Tester, Quality Techie

06/25 – 10/25

Enugu state, Nigeria

- I completed the Quality techies Software Testing Fundamentals program.
- I gained practical, real-world experience in testing using the Cypress automation framework.
- I led the Capstone project team, coordinating and guiding my teammates throughout the project.
- I converted my learning about APIs and DOM handling into practical implementation during the project.
- I was actively involved in software testing tasks, including writing and executing tests using Cypress.
- I learnt and applied core JavaScript concepts such as data types, APIs, request and response handling, and DOM rendering during the program.
